

The Believer Bulletin

QUARTERLY NEWSLETTER

March 2022

YOU BELONG

Believe Beyond Ability is a 501c3 non-profit organization that services the residents of Arizona. Our mission is to evaluate, determine, provide and train those with multiple disabilities on assistive technology to increase independence and access to activities of daily living.

Much more than that, Believe Beyond Ability is here because of you: our Believers. Without our village, we would not be here, and for that, we thank you.

We hope this quarterly newsletter will provide you with the resources and information to empower you on your journey.

We are Believe Beyond Ability.
You are Believe Beyond Ability.

WHAT WE'VE BEEN UP TO

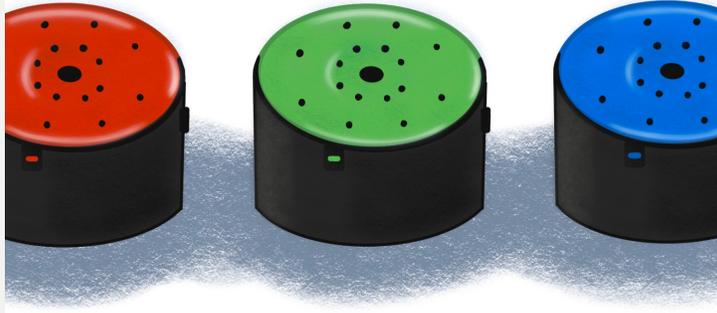

In this first quarter of 2022, we have already been busy serving our community!

On February 5th, we held a Durable Medical Equipment (DME) giveaway. With the DME that we have collected from gracious donors, we had a very successful event! Nearly 50 families showed up to take advantage of shower chairs, wheelchairs, standers, gait trainers, etc. all FREE! Follow us on social media for notifications of our next DME event.

At the end of 2021, we had an INCREDIBLY generous donation from Marten Transport. With that support, we held a giveaway! On the day of our DME, we had the kids help us choose 10 winners of Talking Buttons. This piece of Assistive Technology is a great add in your communication toolbox. Check out the next section for more info!

We are planning our next giveaway, so stay tuned on Facebook and Instagram.

TRY THIS AT HOME

Talking Buttons

The Talking Buttons are recordable voice output buttons. You can record up to 10 seconds of audio, and re-record as often as you want! They are distributed by www.inclusivetlc.com.

Ways we use talking buttons:

- Use one button for a single phrase such as "Happy Valentine's Day!"
- Use one button while reading to say, "Let's see what happens next!"
- Use two buttons to teach a child how to respond YES and NO

Visit our website to download a handout on how to incorporate Talking Buttons into your home or therapy!

IN YOUR COMMUNITY

The Suzy Foundation Suzy Swap

The Suzy Foundation is another Arizona-based non-profit organization. They are also dedicated to helping individuals with the cost of assistive equipment not covered by insurance.

This month, they will be collecting donations of Durable Medical Equipment in anticipation of their Suzy Swap on April 9th, 2022. Families are welcomed to this event, in Tempe, AZ, where they can come acquire the DME they need, but are not provided by insurance.

Follow them on social media (FB and Instagram) for more up to date information!
